I've been working with the materials of the Salem Witch Trials of 1692 for so long as an academic historian, it's not surprising when people ask me if I've seen the play or film The Crucible, and what I think of it. Miller created works of art, inspired by actual events, for his own artistic/political intentions.

Arthur Miller's The Crucible: Fact & Fiction, by Margo Burns

Biomes of the World - The Earth has many different environments, varying in temperature, moisture, light, and many other factors. Each of these habitats has distinct life forms living in it. Build a Fish - Build a Fish by choosing a body, mouth, and color/pattern, and then release it into the reef! In the process you will learn about adaptations that help the fish survive in their environment.

Science Standards to use in 4th Grade classrooms

Air pollution occurs when harmful or excessive quantities of substances including gases, particles, and biological molecules are introduced into Earth's atmosphere. It may cause diseases, allergies and even death to humans; it may also cause harm to other living organisms such as animals and food crops, and may damage the natural or built environment. ...
