5 LABORATORY SAFETY PROCEDURES Safety is one of the concerns in any lab. Safety for humans is always a primary concern. The location of safety equipment should be common knowledge to anyone working in the lab.

GENERAL BIOLOGY II LABORATORY MANUAL - Faculty

The AP college board lists 13 labs for its recommended curriculum, however, teachers are not limited to only using their versions of the lab. AP biology teachers submit a curriculum for review and approval and must include laboratory exercises that align with their core ideas. Some of the recommended labs may be too expensive or too time consuming for your class.
