### **How Management is Both Art and Science? Explained.**

Much of the controversy of management being as art or science is on account of the fact that the earlier captains of industry and managers have used intuition, hunches, commonsense, and experience in managing organizations. They were not trained professional managers, although they were very brilliant...

### **Is Management an Art or Science - Discussion - Money ...**

Management as an Art. Art is viewed as: the use of imagination to interpret feelings and ideas, particularly in painting, drawing sculpture, or the skill of creating objects such as paintings or drawings, especially when studying art. In reality, art has nothing to do with objectivity. It relates to collective, mostly, individual subjectivity.

### **Is Management is an Art or a Science? - MBA Knowledge Base**

Management as a Science and as an Art and as both. Since it is a social process, therefore it falls in the area of social sciences. It is a flexible science & that is why its theories and principles may produce different results at different times and therefore it is a behaviour science.

### **Management as a Science and as an Art and as both | Classle**

Management in my own opinion is an act of science and not an art, in the sense that it can not be showcased as a finished product on its own, so management goes a long way not only been an entity of science but a practice of social activities and documentation. Management is both Science and Art.
