The other contents of the book can also be found on her other books like financial management and even management accounting. For the later chapters regarding the computation, I prefer to read the explanations on financial management because it's less wordy and provides more illustrations to solve.

### **Management Accounting: Concepts and Applications by Ma ...**

1. Managerial accounting information often brings to the attention of managers important issues that need their managerial experience and skills. In many cases, managerial-accounting information will not answer the question or solve the problem, but rather make management aware that the issue or problem exists.
