Section 2-8 : Applications of Quadratic Equations. In this section we're going to go back and revisit some of the applications that we saw in the Linear Applications section and see some examples that will require us to solve a quadratic equation to get the answer.. Note that the solutions in these cases will almost always require the quadratic formula so expect to use it and don't get ...

Algebra - Applications of Quadratic Equations

In this section we will start looking at solving quadratic equations. Specifically, we will concentrate on solving quadratic equations by factoring and the square root property in this section.
