High School - castlelearning.com

Kinesthetic learning is a learning style in which learning takes place by the student actually carrying out a physical activity, rather than listening to a lecture or merely watching a demonstration. It is also referred to as tactile learning. People with a kinaesthetic learning style are also commonly known as do-ers.

Edurite.com

Castle Learning's materials provide additional learning reinforcement upon assignment completion, including definitions of terms and explanations of concepts. They provide instant grade reporting, enabling the teacher to spend more time identifying individual student problem areas rather than grading assignments.

Castle Learning

Yes i hate castle learning its a good tool but when teachers misuse it, it can really drive you crazy recently my teacher has been giving us 100 question castle learning that counts as a test. The reason she does this is because the computer grades it automatically she stopped giving written tests because she has to grade it.
