Reading isn't really reading if students don't understand what they have read. Many struggling adolescent readers can recognize and pronounce words from print, but cannot understand or answer questions about what they have just read. This section includes information on methods to improve students' comprehension.

This article presents a model of reflective writing used to assess a U.S. general education first-year writing course. We argue that integrating reflection into existing assignments has three potential benefits: enhancing assessment of learning outcomes, fostering student learning, and engaging faculty in professional development.
