A flipped classroom is an instructional strategy and a type of blended learning that reverses the traditional learning environment by delivering instructional content, often online, outside of the classroom. It moves activities, including those that may have traditionally been considered homework, into the classroom. In a flipped classroom, students watch online lectures, collaborate in online ...

The September-October 1992 issue of Biblical Archaeology Review contains several fascinating articles which bear heavily on the questions posed for this article. For centuries, scholars have believed -- assumed -- that very few Jews of the first century spoke Greek. They have believed, and taught, that ancient Judea was a "backwater" area of the Roman Empire, and the people were ignorant as a ...

Why the New Testament was Written in Greek, Not Hebrew

Matrilineality is the tracing of kinship through the female line. It may also correlate with a social system in which each person is identified with their matriline - their mother's lineage - and which can involve the inheritance of property and/or titles. A matriline is a line of descent from a female ancestor to a descendant (of either sex) in which the individuals in all intervening ...
