Free Market Economy Free Market Economy • In a free market, answers to the three key economic questions are made by voluntary exchange in the marketplace. • Choices made by individuals determine what gets made, how it is made, and how much people can consume of the goods and services produced. • In a free market system, individuals and

Chapter 2: Economic Systems Section 1

The Command Economy The opposite of the market economy is the command economy, where the government decides what will be produced, how much will be produced, and how much goods and services will cost. Thus, the relationship between supply and demand does not determine what gets produced and consumed. Instead, the government makes those decisions.
