I have imported a CSV file with 2 long columns of dates. These dates are in the US format Aug/28/2013 and I want them to be in the standard UK dd/mm/yyyy format.. I have tried formatting the cells as US dates and then converting them to number-only formats, and various other permutations within the Date format box, but with no success.

Excel 2010 - change US dates to UK format - Stack Overflow

Spring classes will be available for registration on December 10th. The Health Museum, in partnership with the Duke University Talent Identification Program, proudly presents Academic Adventures in the Houston Museum District.

Duke Tip Academic Adventures | The Health Museum

In this SAS Certification Training, you'll become an expert in analytics techniques using the SAS data science tool. You'll learn how to apply data manipulation and optimization techniques; advanced statistical concepts like clustering, linear regression, and decision trees; data analysis methods to solve real-world business problems and predictive modelling techniques.
