Transcript . Slide 1: Welcome to Module 1 of EQAO's Multiple-Choice Math Distractors webinar series. Slide 2: In this module, we will explore answers to the following questions: What is an EQAO multiple-choice question? How are EQAO questions connected to The Ontario Curriculum through the primary and junior Frameworks?; What is the connection between EQAO multiple-choice questions and the ...

Multiple-Choice Math Distractors: Module 1 - Primary Division

The Placement Tests help determine the best level for a student to begin within the Math-U-See curriculum. While the student is taking the Placement Test, the teacher should document observations regarding whether the student is using finger counting, touch points, or tally marks; other patterns should be noted such as missing steps, careless errors, or incorrect methods.

Math Practice State Tests - Edinformatics

lua_createtable [-0, +1, m] void lua_createtable (lua_State *L, int narr, int nrec); Creates a new empty table and pushes it onto the stack. The new table has space pre-allocated for narr array elements and nrec non-array elements. This pre-allocation is useful when you know exactly how many elements the table will have.

XtraMath ® helps students transition from counting or calculating the basic math facts to recalling them. Quickly recalling math facts, instead of calculating them, frees up mental resources for higher-level operations. XtraMath's timed activities encourage students to answer questions as quickly as possible.
