Mentorship is a relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. The mentor may be older or younger than the person being mentored, but he or she must have a certain area of expertise. It is a learning and development partnership between someone with vast experience and someone who wants to learn.

Mentorship - Wikipedia

· Workers should be encouraged to select a workload capacity which is optimum for them in any given situation. · To maintain a high activation level (or the required level for performing the task), the work sessions should be interrupted by rest periods or by other types of work.
