The Placement Tests help determine the best level for a student to begin within the Math-U-See curriculum. While the student is taking the Placement Test, the teacher should document observations regarding whether the student is using finger counting, touch points, or tally marks; other patterns should be noted such as missing steps, careless errors, or incorrect methods.

Welcome to my math notes site. Contained in this site are the notes (free and downloadable) that I use to teach Algebra, Calculus (I, II and III) as well as Differential Equations at Lamar University. The notes contain the usual topics that are taught in those courses as well as a few extra topics that I decided to include just because I wanted to.

In this section we look at factoring polynomials a topic that will appear in pretty much every chapter in this course and so is vital that you understand it. We will discuss factoring out the greatest common factor, factoring by grouping, factoring quadratics and factoring polynomials with degree greater than 2.
