The Monty Hall problem is a brain teaser, in the form of a probability puzzle, loosely based on the American television game show Let's Make a Deal and named after its original host, Monty Hall. The problem was originally posed (and solved) in a letter by Steve Selvin to the American Statistician in 1975 (Selvin 1975a), (Selvin 1975b). It became famous as a question from a reader's letter quoted ...

Math anxiety. Mark H. Ashcraft defines math anxiety as "a feeling of tension, apprehension, or fear that interferes with math performance" (2002, p. 1). The academic study of math anxiety originates as early as the 1950s, where Mary Fides Gough introduced the term mathemaphobia to describe the phobia-like feelings of many towards mathematics. The first math anxiety measurement scale was ...

It is a commonplace of scientific discussion that correlation does not imply causation. Business Week recently ran an spoof article pointing out some amusing examples of the dangers of inferring causation from correlation. For example, the article points out that Facebook's growth has been strongly correlated with the yield on Greek government bonds: ()

If correlation doesn't imply causation, then what does? | DDI

The purpose of this page is to provide resources in the rapidly growing area of computer-based statistical data analysis. This site provides a web-enhanced course on various topics in statistical data analysis, including SPSS and SAS program listings and introductory routines. The details about these tools will be brief as books are written about each item. Think of the presentations below as hors d'oeuvres (a little snack food or starters)—not the main course. The most important reliability tool is a Pareto distribution based on money—specifically based on the cost of unreliability which directs attention to work on the most important money problem first.

What does the word "apologetics" mean? The word "apologetics". is derived from the ancient Greek word apologia, which means, an apology.. Not an apology in the modern sense of the word - which is to say you're sorry for something. But rather, an apology in the ancient sense of the word - which is to make a reasoned defense of something or someone.
