Just by reading this introduction, you're participating in communication. Singing, sign language, Braille, and business emails all fall into the realm of communication, which comes from a Latin word meaning 'to share' – but words aren't the only thing that can be shared when two people are communication.

A cellular network or mobile network is a communication network where the last link is wireless. The network is distributed over land areas called cells, each served by at least one fixed-location transceiver, but more normally three cell sites or base transceiver stations. These base stations provide the cell with the network coverage which can be used for transmission of voice, data, and ...
