Unfortunately, this book can't be printed from the OpenBook. If you need to print pages from this book, we recommend downloading it as a PDF. Visit NAP.edu/10766 to get more information about this book, to buy it in print, or to download it as a free PDF ...

Rock-Socketed Shafts for Highway Structure Foundations
Chapter 7 Multiple Regression. In Chapter 6 we introduced ideas related to modeling, in particular that the fundamental premise of modeling is to make explicit the relationship between an outcome variable y and an explanatory/predictor variable x.Recall further the synonyms that we used to also denote y as the dependent variable and x as an independent variable or covariate.

Today we updated the Section E detailed study manual and also added more lessons to Section E.2, which should be 100% by Friday next week. Section E spans 485 pages of completely new source reading (over a quarter of the new LPM syllabus by itself), so we are pretty happy to have so much in place this soon.

CH 1-1. Purpose. The Defense Acquisition Guidebook (DAG), Chapter 1, is intended to provide the information needed to thoughtfully organize, plan, and execute a DoD acquisition program regardless of acquisition category, program model, or program type.

Chapter 1 Program Management 03-19-2019
A simulation is an approximate imitation of the operation of a process or system; the act of simulating first requires a model is developed. This model is a well-defined description of the simulated subject, and represents its key characteristics, such as its behaviour, functions and abstract or physical properties.
